CAMP EXPLORATIONS

Explorations V
Children's Museum

Camp Explorations is an interactive, hands-on camp. Camps are booked by the week for immersive and fun summer learning. Classes are sorted by age. To book a week of camp, call the Museum at (863) 687.3869.

GAME, SET, GO! Transforming young minds through hands-on experiences with digital and analog gaming.

GLOBAL ANTHROPOLOGY - Oh! The Places You'll Go! Explorers will travel the World and embrace new cultures in just 5 days.

GIZMOS & GADGET - Think it, make it and destroy it! Emerging the young scientist through tinkering with STEM.

SPACE ADVENTURES - May the camp force be with you! This space adventure will have you captivated by the stars and discovering how the earth orbits the sun. To infinity and beyond!

IF YOU CAN'T STAND THE HEAT - Smidge, pinch and dash! Discover recipe secrets by exploring and tasting the experience.

X 5'S GOT TALENT - Explore the performing arts! Artists will perform their talents by singing, acting, playing a musical instrument and much more!

SHARK WEEK - Take a bite out of summer! Experience scientific knowledge that will blow you out of the water.

IMAGINATION STATION - It's Not Just Scribbles! Campers will discover a magical world through writing and illustrating their own books.

THE GREAT ESCAPE - Outdoor spaces! Ecologists will gain experience of the world beyond the classroom and discover the nature all around them.

LEARN!

Each week campers explore a unique topic designed for camper-directed exploration.

PLAY!

Science says that brains work best when the body moves! Campers will have play time in the Museum exhibits and outside when weather permits.

EAT!

Breakfast, lunch, and snack are provided. Campers may choose to bring their own. Campers are encouraged to bring their own water bottle.
